*Shaping the Lives of
Those Who Shape the
Nation*

Santiago Christian School
Santiago, Dominican Republic

Serving for over 40 years in Santiago, Dominican Republic to help students reach their full potential both academically and spiritually

Impacting over 600 students from Korea, United States, Germany, Holland, Canada, Haiti, and the Dominican Republic

Building on the unique strengths of a multi-national faculty's wisdom, history, character and faith

Partnering with parents to establish a high standard in a challenging educational culture

The school's 7-acre campus is located at the eastern edge of the city of Santiago. SCS has excellent facilities including nine buildings, two gymnasiums, playgrounds and athletic fields.

SCS is the school of choice for families in the Cibao Valley who desire a quality, English-based, college preparatory, and Christian education leading to dual diplomas.

We instill spiritual and moral values with the goal that our graduates will be agents of change to shape and lead the nation.

Our students earn the highest standards of American and Dominican accredited education and 95% of our recent graduates have been accepted at over twenty-five recognized universities throughout the United States and the world.

Every one of our students is equipped with the character and wisdom to influence not only their families and communities but also their nation.

*"As a graduate of SCS, I can only remember the great compassion shown by all of my teachers from K-12th grade. From my perspective, going to school was never a dislike but rather a place where I always found comfort, joy, enthusiasm and the grace of everyone who had a part in my education. Today I can say that all of my teachers have definitely made an impact in my life, not only academically but also emotionally and spiritually. **Their actions always spoke louder than their words.**"*

*Leonela Cabrera, '05 alumni
